Machine & Supply, Inc.

BECOME AN ATLAS APPRENTICE

BUILD YOUR CAREER. LEAD THE INDUSTRY.

At Atlas Machine & Supply, we're not just training machinists—we're shaping the next generation of skilled craftsmen and women who will drive innovation in the manufacturing world. Our Machinist Apprenticeship Program offers a hands-on, debt-free pathway to a rewarding career in machining.

Through expert mentorship, state-of-the-art facilities, and real-world experience, we empower our apprentices to become industry leaders. If you're ready to forge a future built on skill, precision, and excellence, this is the program for you.

Why Choose Machining?

Machinists are the backbone of modern manufacturing, crafting precision parts that power industries around the world. At Atlas, we're passionate about preserving and advancing this essential trade. By joining our program, you'll become part of a proud legacy of excellence while forging a secure and fulfilling future.

Start Your Journey Today

At Atlas Machine & Supply, we're not just offering a job; we're offering a future. Take the first step toward a career that combines innovation, craftsmanship, and growth.

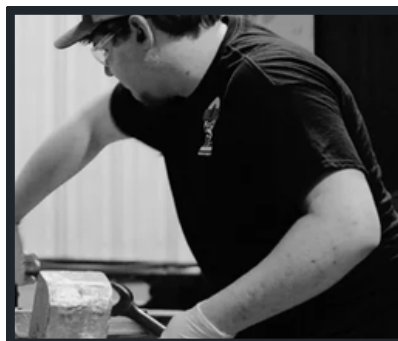

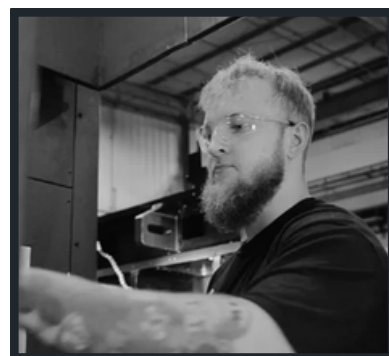

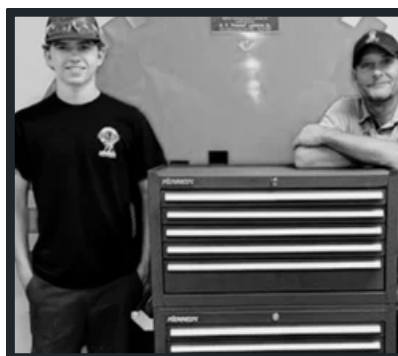

Program Overview

Length: Four Years

- 8,000 On-the-Job Training Hours
- 576 Related Technical Instruction Hours

What You'll Do:

- ✓ Work full-time alongside skilled machinists.
- ✓ Gain on-the-job training and further classroom education if needed.
- ✓ Hone your skills in machining, problem-solving, and leadership.

WHAT MAKES OUR APPRENTICESHIP PROGRAM THE BEST IN THE INDUSTRY?

Earn While You Learn: Start your career with a competitive salary and full benefits while gaining valuable experience.

Start debt-free: Atlas covers 100% of your required Related Technical Instruction (RTI) costs as long as you maintain a passing grade. Even better—if you've already completed machining courses in high school or at a tech school, those may count toward your RTI requirements.

We currently accept prior RTI credit from the Machining Programs at:

- ✓ Breckinridge County ATC
- ✓ Meade County College & Career Center
- ✓ Grayson County Technology Center
- ✓ Southern High School
- ✓ And any KCTCS school or dual credit program.

Nationally Recognized Certification: Graduate with a state-recognized journeyman's certification, opening doors to countless opportunities.

Hands-On Training: Learn from experienced machinists and use advanced technology to tackle real-world challenges.

No Strings Attached: Once you complete the program, you're not obligated to stay with Atlas—though many choose to, thanks to our supportive culture and growth opportunities.
